SCHOOLS SHUDDER UNDER IMPACT OF RECORD ATTENDANCE

The Mason LINE

by Chan Mason

Here we are, actually glad to be back at the old stand, churning out our weekly trivia again. We are a bit ashamed however, of the manner in which we contrived the triumphal return. We didn't know it was going to be so durned hot or we never would have insisted that Max give us signed statements from prominent local citizens demanding that our column be resumed. Poor guy, spent four scorchingly hot day last week wheedling six favorable testimonials for us. Anyway, we thought they were real great.

Five hot days.

Our trip to Montana was most enjoyable and while we won't bore you any more than we have to, we must tell you of a few observations we made.

— ML —

By leaving here about 2 p.m. you make the trip to Los Vegas without sweltering even in August. It's a fact that a 25 pound chunk of ice set in a dishpan in front of the air vent does help considerably. However, if anyone wants to give us an air conditioner for our car, we'll accept it.

— ML —

Utah is a most hospitable state, nice people, but loaded with left-handed plumbers. The showers are all reversed. The "cold" is hot and the "hot" is cold.

— ML —

Montana fishing is fabulous in the right spots. The particular ranch where we made our headquarters has about three miles of river within its boundaries. Wonderful rainbow and brook trout fishing. A 12 inch rainbow is average. But even Montana now is dotted with "No Fishing or Hunting" signs. Would suggest a letter to the Montana Fish and Game Commission at Helena for information before deciding on a particular spot.

— ML —

The Red Lodge to Cooke City highway is as beautiful a drive as can be found anywhere, and Yellowstone, of course, is a must. But make hotel reservations first or stay outside the park. Tom Warburton and his party spent ten hours trying to find a place to stay, finally ended up at three in the morning at a motel in Jackson, Wyoming.

Tony Sonka Suffers Broken Foot Accident

A. F. (Tony) Sonka, 2780 Buena Vista, squire of Lemon Grove, is presently suffering an enforced vacation at home.

Sonka slipped and fell last week while watering his lawn. A bone was broken in his foot and the doctor put his foot in a cast and Sonka out to pasture, temporarily.

Sonka denies he fell when he stumbled over Lemon Grove's "hard" water.

3,000 Grove Youngsters Troop Back to School Monday

Five schools open their doors to over 3,000 pupils in Lemon Grove on Monday of next week. The following tentative class schedule has been released by S. K. Solleder, assistant superintendent, from the education center:

VISTA LA MESA: Kindergartens, 9 to 12 and 12:30 to 3:30; Grades 1 and 2, 9 to 2:05, with a 45 minute lunch period; Grade 3, 9 to 3 with an hour lunch; Grades 4 and 5, 9 to 3:30 with an hour lunch. One combination second and third grade class at this school will vary from this schedule 15 minutes.

SAN MIGUEL: Kindergartens, 9 to 12 and 12:30 to 3:30; Grades 1 and 2, 8:45 to 2, with a 45 minute lunch; Grade 3, 8:45 to 2:30, with a 45 minute lunch; Grades 4 and 5, 8:45 to 3:15, with a 45 minute lunch.

MONTEREY HEIGHTS: Kindergartens, 9 to 12 and 1 to 4; One Grade 1, 8 to 1 with 45 minute lunch; Grade 1 and 2, 8:45 to 2:05, with 50 minute lunch; Grade 3, 9 to 3, with one hour lunch; Grades 4, 5 and 6, 9 to 3:30, with an hour lunch period.

GOLDEN AVENUE: Kindertens, 9 to 12 and 1 to 4; Grades 1 and 2, 8:45 to 2:05, with 45 minute lunch; one first grade, 8 to 1, with 45 minute lunch; Grade 3, 9 to 2:50, with 50 minute lunch; Grades 4, 5 and 6, 9 to 3:20, with 50 minute lunch; and one special training class, 8:30 to 2:50, with 50 minute lunch.

JUNIOR HIGH: Grade 6, 8:30 to 2:50, with 50 minute lunch period; Grades 7 and 8, 8 to 2:20, with 50 minute lunch periods. Due to the large number of pupils enrolled in these three grades at the junior high, all grades will not begin at the same time.

It should be noted that beginning and dismissal times vary throughout the district and within the schools in an effort to utilize classroom, bus, and cafeteria facilities to the utmost. A first grade at Golden Avenue and one at Monterey Heights will use kindergarten rooms, thus beginning earlier than the others. However, they will have a full day of instruction and a regular lunch and recreation period.

Actual time spent in classroom instruction daily, excluding lunch and recreation time, is as follows: Kindergarten, 160 minutes; first and second grades, 235 minutes; third grade, 280 minutes; fourth, fifth and sixth, and special training classes, 300 minutes; and seventh and eighth grades, 310 minutes.

SIX DAYS IN BOX CAR

PHILADELPHIA, Pa.—Manuel Ramirez, 28, is recuperating in a hospital from the effects of six days he spent locked inside a pitch black, refrigerated railroad car. The man jumped into the car in Chicago, hoping to hitch a ride to his family in Laredo, Tex. A workman sealed the car, the temperature of which was about 50 degrees. Instead of reaching Texas, the car arrived in Philadelphia, and when the car was opened, employees found Ramirez, almost too weak to move.

FREDERICK LONG, OLDTIMER, DIES AT 84

Frederick Long, age 84, of Windward Trailer Court, 3595 Olive St., died last week. He had been a resident of Lemon Grove five years. He was born in England and had a myriad of jobs including mining, beach combing and roaming, but left no relatives.

Friends and neighbors and the organization of Odd Fellows arranged for private services at Conrad's Lemon Grove Mortuary.

READING TO BE DISCUSSED AT GOLDEN AVENUE P-TA MEETING

Mrs. Lyle Stumbaugh

If you are wondering how Johnny learns to read in Golden Avenue School, be at the first meeting of the season of the Golden Avenue P-TA Tuesday, September 20 at 7:30 in the cafetorium.

Mrs. Lauritsen will be in charge of the program which will feature Miss Marjorie Godwin, who will explain the method used in Golden Avenue to teach reading. Also in the program will be Mrs. Laura McBroom who will tell about arithmetic teaching procedures.

Hostesses will be sixth grade room mothers under the direction of Mrs. Kinnersley, room mother chairman.

IT'S BACK TO SCHOOL WE GO

A fond farewell is waved to mother by the Walter children who live at 2984 Buena Vista Avenue as they pose a scene that will have thousands of counterparts in Lemon Grove Monday when school season starts.

Mrs. Jerome Walter is shown with three of her stay-at-home offspring while two others, Suzanna and Sandra, wave farewell.

No children will be on double sessions in Lemon Grove Schools, superintendent Byron Netzley said. A full complement of professional personnel makes up the teaching staff was the report of Business Manager Paul Reynolds. Teacher shortages are general throughout the rest of the state, however.

Schools Fully Staffed— Ready for Gong

Despite a critical teacher shortage both in California and the nation, Lemon Grove schools open Monday, September 12, fully staffed with competent, regularly credentialed teachers. While some other districts in county found it necessary to hire instructors with provisional credentials, Lemon Grove boasts all teachers with bachelor degrees, several with masters degrees, and practically all staff members working toward further degrees or credentials.

Adequate salaries, excellent working conditions, and fine community factors are listed as the main reasons for the low turnover of teachers here and for the recruitment of new ones. Twenty five teachers are new to Lemon Grove this fall, replacing some vacancies and staffing new classes resulting from increased enrollment. Over half of the teachers returning have permanent status in the district.

Many of the teachers have come here from other states. The 38 colleges in California that are accredited to train teachers produce only 50% of the total state needs. During the next five years, 15,000 new teachers will be needed each year to meet the growing demands of enrollment.

Because of far-sighted planning on the part of board members and school personnel, double sessions disappeared here early this calendar year. One of the few large districts in the county enjoying single sessions, Lemon Grove can look forward to a continuation of this in the immediate future. However, further construction will be necessary to maintain education standards as the population numbers continue to swell. At present four classrooms are being built as an addition to the San Miguel School.

County Officials Tell Men's Club Of S. V. Sewer Significance

Ten thousand persons will be added to Spring Valley's present 6,000 population if the sewer bond election passes September 27, Jean Vincenz S. D. County director of public works told the Lemon Grove Men's Club Friday.

A $735,000 bond issue would pay for trunk lines capable of handling effluent of all those who would potentially reside in the drainage area, Vincenz said. He said that an estimated 150,000 persons would eventually live in the area.

The treatment plant planned for lower Spring Valley would be capable of treating waste of 15,000 population, he stated. The plant would be enlarged as more population makes use of the facilities.

Increased assessed valuation would cover expansion costs, he said.

Warren Barney, county engineer, described the financial mechanics of the project. He said that the resistance to more Brookside hook-ups is too strong to permit hopes that such an arrangement could be made. He also stated that the Lemon Grove trunk through which Brookside waste is pumped has reached its capacity.

"That means that even Lemon Grove hook-ups on that trunk must be restricted until the problem is solved," he said.

The Golden Avenue trunk through which Brookside pumps is an eight inch line. Another Lemon Grove line through which La Mesa hopes to empty waste of a newly planned subdivision on Windsor Hill to the north of Lemon Grove, is a 12 inch line. Barney said that this has not yet reached capacity.

Barney said that Brookside would be removed from the Lemon Grove system if the sewer issue passed.

The Dimmer VIEW

By MAX GOODWIN

I was sitting in the tub Sunday cursing the hardness of the water when the Lemon Grove water works sound truck ominously blared its warning that the supply of water in this, our community water works system, was in short supply and that non-essential use must not be made of this precious commodity.

I couldn't help but resent this action for many reasons. First it was the water bill I received Saturday. It was for 14 dollars, the highest bill I have ever paid in my life for household water use. This for unsoftened, unfiltered water about which users complain, but like the weather, they seem unable to do anything about.

Later, I watched my flowers wilt as I put our lawn on a water abstinence program, I became resentful of the silly arrangement the waters works has for handling the consumer.

Certainly it is apparent to everyone, except the board of directors that this is a mutual water system. A heavily populated area like this has the major portion of the users by far in the domestic category. Yet, we pay approximately three times the rate for our tap water that ranchers pay . . . plus the fact that they get water equally good, or equally bad, depending on your viewpoint, as the ranchers get. I think it is not to the credit of Harry Griffen, Lemon Grove board member of the district who operates a celery ranch which thrives on water that is subsidized by home water users. He should be disqualified from setting rates advantageous to himself as a rancher even though his past performance in his profitable deals in tax deeded irrigation district lots indicates that he will not.

I certainly resent irrigation officials using water for their farms which I help pay for via subsidy while I must cut back on the meagre use we put it to. Of course Griffen has the same rights and prerogatives as any other user, some will argue. However, being a board member puts a different light on him. He should either get off the board or give up his ranch and his profits from transactions in irrigation district lots, the latter of which belonged to all the taxpayers . . . not just a few and certainly not the water board individually or collectively.

Instead of giving we domestic users a better grade of water the district has taken on El Cajon to irrigate. Large areas of land will go under irrigation. This too will be subsidized by persons operating households in the district.

Maybe we ought to face up to the fact that we are no longer an agricultural region and leave supplying water at discount rates to water officials in the Imperial Valley where federal funds now subsdize innumerable farms via the All-American Canal.

I feel guilty for condemning our water works when part of the 17 million dollar bond issue is about to be called for vote. Voters of the district voted earlier to give service to El Cajon and allow the resultant obligation to become an obligation against our property. This we did so that a broad enough tax base could be developed to permit selling bonds for all, or part of the 17 million dollar issue which will improve the system if not the quality of the water. I suspect that few of you knew that large chunks of El Cajon's arid land would be brought into the district for profitable agricultural use, to use the same water for which we pay 31c per 100 cu. ft. while we subsidize them with below cost water at 9c per 100 cu. ft.

The truth is that we need water in increasingly large quantities. We also need water of a better quality. I wish that our director had used the foresight for the people he swore to represent instead of for his own benefit. Maybe this foresight would have made the 100% assessment increase and 25% rate increase unnecessary!

Lions Annual Halloween Party To Be Staged for Swimming Pool Fund

A gala Halloween party to be splattered with door prizes, costume prizes, food, dancing, drinks, fun and frivolity was announced this week by the Lemon Grove Lions Club, and all the proceeds will go to the Lemon Grove Swimming Pool fund.

The party will be held at El Morocco Saturday, October 29, but Michael's in Lemon Grove will be the caterer.

Harold Holaday, Lions president, said that the affair will be so huge that it would have taxed the facilities of Michael's where the club normally meets, so the commitee decided on El Morocco at Euclid and Federal. The club can handle about 500 couples.

A door prize drawing, with an Olympic television-radio-phonograph combination going to the winner, will be held. Tickets for this event will be sold in Lemon Grove starting next week.

Prizes for the best costumed couple will be awarded by competent judges. This prize has not been chosen, but like the door prize, will probably be an appliance.

Henry Goldy, door prize chairman, said that winner of the Olympic tv combination need not be present to win.

Price of the drawing tickets is 50c. Price for dinner-dance tickets is $3 per person. All persons may attend whether they are members of the Lions Club or not.

It is anticipated that more than $1,000 will be earned for the swimming pool via the dance.

CANCER GOAL REACHED IN S. D. COUNTY

San Diego County Branch of the American Cancer Society met and exceeded its 1955 Cancer Crusade Goal of $110,600, Col. Emmett McCabe, campaign chairman, said this week.

The Cancer Crusade traditionally takes place during the month of April, McCabe said, but is not officially closed each year until the end of the branch's fiscal year, August 31. "It was not until this week," McCabe said, "that we were positive we would make the quota.

"Not only did the San Diego County Branch meet its quota but that the American Cancer Society on a state level was successful in making 103% of its goal of $1,750,000," he concluded.

Business Women's League to Give 'Cotton & Jeans' Dinner Dance

By MRS. ABE GOLDBERG

Saturday evening, September 24, is the date set for the Cotton and Jeans dinner dance to be given at Casper's Ranch by the Business Women's League of Lemon Grove. Final plans for the affair were announced at the regular dinner meeting held at Michael's Thursday, August 31. Mrs. Grant Hadley is chairman in charge of arrangements and is being assisted by Mrs. Charles Adams, Mrs. John Lukow and Mrs. Kenneth Conrad. Invitations for the party are $2.50 per person and final reservations or cancellations must be made not later than Wednesday, September 21. A spaghetti dinner will be served at 8 o'clock and a program and dancing will follow.

Mrs. Calvin Nicholl presided during the business session when the various committee chairmen made their reports.

Mrs. R. Morse, in the absence of Mrs. Alfred Rice, Naval Hospital Red Cross council representative, reported a need for the following items: single edge razor blades, crossword puzzles, supplies for the Stamp Club, musical instruments in good condition, special editions of May, 1954 Family Circle magazine and May, 1955 Western Family Magazine, also stones for the lapidary shop. These articles are to be brought to the Lemon Grove Library where they will be collected and taken to Naval Hospital.

Mrs. Chas. Adams of the beautification committee requested the donation of various plants for the Plaza, namely: Ivy Geranium cuttings, Hybrid Cannas and Marconi Daisies. Anyone having plants to donate may contact Mrs. Adams at Evelyn's Flower Shoppe, HO 9-3635.

Mrs. G. Howell, program chairman, informed the league that the representative of the sheriff's department who was to have been the guest speaker of the evening, was obliged to postpone his appearance before the club members because of the 24 hour alert imposed upon members of the sheriff's office during the forest fire epidemic.

The speaker will be a guest of the club in the near future and his subject will cover the work of the sheriff's department in combatting child molestation incidents in Lemon Grove.

EASTERN STAR TO MEET AT FRIENDSHIP HALL WEDNESDAY

A stated meeting of San Miguel Chapter No. 579 OES will be held Wednesday at 8 p.m. in Friendship Hall, Main Street, Lemon Grove. Anna Vogel, WM and John Vogel WP will preside at the meeting, and sister Jennie Morse, PM and brother Sydney Morse, PP will have charge of the after chapter party.

Crisis Strikes as New Water Consumption Record Is Reached

Record water consumption created a crisis last week that had irrigation district officials calling on area residents to curtail water usage, Byron Miller, business manager of the district said.

Water consumption exceeded the 22 million gallons per day capacity of the transmission lines 12 out of 20 days as the Labor Day holiday ended. Peak day was Friday when more than 32 million gallons were used. More than 20 million gallons were used each of the past 12 days.

Restricted water use is the plea of the district until reserves can be built up. Meanwhile additional water is being drawn from diminishing reserves of Lake Murray, Helix and Grossmont reservoirs.

Miller said that curtailment of water use was entirely voluntary but the request had been effective. Suggested restriction was on car washing, slab wetting and lawn watering, except to prevent the lawn from burning up.

Essential uses included such things as irrigation for vegetables and fruit crops which might be lost except for water.

Supplies were being gradually rebuilt as lower temperature prevailed. Another heat wave might cause mandatory curtailment, Miller indicated.

Night Patrolman Johnston Acquires Night Stick

Night patrolman Hal Johnston, who works while you sleep, got a call at 9:10 Sunday evening from Imperial and Lincoln to quell a disturbance. He found a gent from Chula Vista in a belicose mood, and after handcuffing the gent, learned that his prisoner had used a baseball bat on a fellow citizen recently, with considerable damage to the other man.

Appearing before Judge Hussey Monday morning the wielder of the club proved to be Robert Mills. He was charged with assault and battery and being drunk in Lemon Grove, and sentenced to a fine of $125. Mills is a husky slugger, and put up a struggle with the arresting officer. Hal found the night stick, which looks like the club that shore patrols carry, in Mills' car, and kept it as a souvenir.—D. H.

Sewer Meeting Attracts 500 Voters

By DICK HENDERSON

Spring Valley Chamber of Commerce's regular monthly meeting was merged into a mass meeting of the sanitation district's taxpayers August 29, when president William Doughman called the meeting to order and announced that it would be turned over to Mr. Ray, for a discussion of the proposed sewer bond election. Mr. Doughman said that in 1949 the Chamber of Commerce had started the ball rolling for sewer installation, and had been working at it ever since.

Gilbert Ray, probably as well informed on the proposal as any property owner in the district, took the gavel, announced that several county officials were present to answer questions, that no heckling would be tolerated, and the sergeant at arms would remove any obstreperous person. Ample time would be allowed for any questions.

Several county officials, including Supervisor-Director Dave Bird, Jean Vincenz, Warren Bailey, chief engineer of public works, Chas. Oldsen, sanitary engineer, were present and answered innumerable questions regarding the cost of the proposed sewer system. A bond election on September 27 with a two thirds majority favorable vote to decide whether $735,000 will be paid by the taxpayers owning property in the proposed district.

Briefly, the cost of the proposed sewer project will be divided into three parts, first, the treatment plant, estimated cost $390,000, second trunk lines, estimated cost $345,000, and third, laterals or connectors, to be paid for under the 1911 Act, as is the Lemon Grove sewer system being paid for. The 1911 Act will provide the laterals, at an estimated cost of $4 per lineal foot, and will be authorized by the board of supervisors on petition. These laterals will be connected to the trunk lines at various points where the topography permits. A number of connections will be made to each lateral, should the petitioners get together.

On completion of the laterals, a bond for the cost will be issued by the county treasurer, which can be paid in full or payments may extend over ten years, one tenth each year, plus $165 connecting fee for running the line from the property line of the property owner to the center of the street.

Since owners of property fronting on the trunk lines will not have the expense of laterals, they can connect with the trunk line, at an estimated cost of $250. This differential in connecting charges is made to equalize the cost.

The cost of the two features of the program, $735,000, will be assessed against the property in the district. As the population increases, the cost to each property owner will decrease. Present population of the district is estimated at 6500, with a maximum of 15,000 predicted in 15 years.

Mr. Barney, chief engineer of public works, estimated that the present population of 6500 to 7,000 would pay $133 per capita, while a population of 15,000 would pay $49 per capita.

Jean Vincenz, a high up in the public works, explained that the county maintained a stand-by crew and had special machinery to take care of sewer breaks and cave-ins, which occur at times but are promptly repaired. Told about one time when Encinitas had trouble right at Christmas and the crew worked straight through for three days, but they fixed it up and had their Christmas later.

Supervisor Dave Bird, who has been specializing in Spring Valley sewer matters for several years, took the floor, told about the procedure, and that it would take perhaps a couple of years to complete the project. Dave got a nice round of applause when he was introduced.

Supervisor Bird said there would be no free rides in this sewer project and that the supervisors would see that the taxpayers would be protected in every way.

Numerous questioners were recognized by the chair, and Bird answered their questions or turned to one of the other officials present to answer.

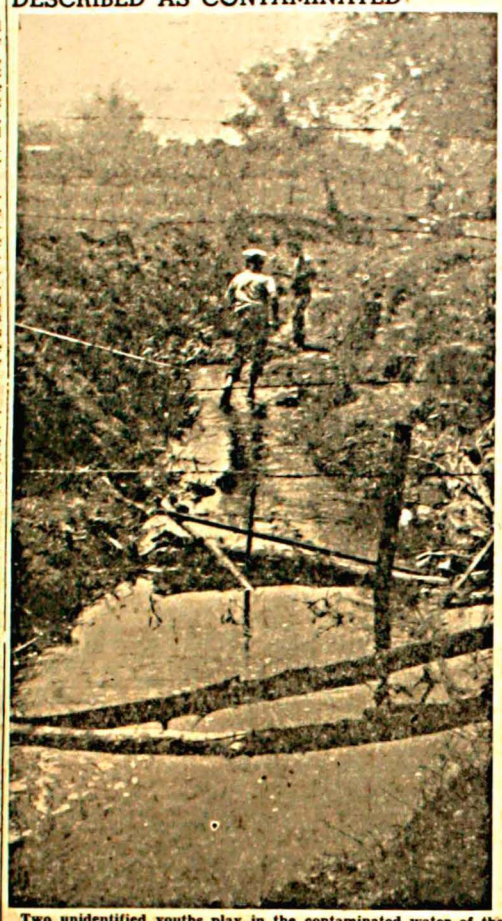
Most of the questions were "How much is it going to cost me?" Then Mr. Barney stepped in and gave the approximate figures.

One lady present was quite aggressive (this reporter didn't hear the question) but when she started to argue with Bird Chairman Ray used his gavel, there were cries of "sit down" and she sat. She kept her hand up the rest of the evening, but was not again recognized.

As a whole, the meeting was informative and orderly, no arguments, questions answered fully, except where one gent had three questions and Bird couldn't keep track of them. Finally it was ruled that one question to a person was the allowance but by that time the meeting was dismissed.

Moved by Dr. Gigliotti that the officials present be given a vote of thanks for their kindness in coming to the meeting and explaining the procedure necessary.

CHILDREN PLAY IN WATER DESCRIBED AS CONTAMINATED



Two unidentified youths play in the contaminated water of the drain ditch which flows through Spring Valley on the east side of Bancroft and the south side of Olive, and three blocks north of the Spring Valley Elementary School.

The picture was taken by William Doughman, Spring Valley real estate man and property owner.

Dr. J. B. Askew, director of public health, said that tests run on the water which he described as "effluent" and "laden with organisms of intestinal origin," ran to the maximum level of 240 plus organisms per milliter. The test would have run even higher but the laboratory did not dilute the liquid. Tests usually stop at 70 organisms per ml since the danger point is well exceeded at this point.

The picture was taken in June of this year.

Grove Man in National Shooting Contest

CAMP PERRY, Ohio—A Lemon Grove Marine, Master Sergeant Harold A. Barrett, has entered the spotlight of the American shooting world this week as he is assigned by the Marine Corps to its top rifle team which is now competing in the National Rifle and Pistol Matches here. The husband of Mrs. Beatrice L. Barrett of 2984 Massachusetts Avenue, Lemon Grove, Barrett was chosen for the Marine team on the basis of outstanding performances in regional and all-Marine competition against top Leatherneck contenders. He made a good start in rifle competition in 1930, three years after he enlisted in the Marine Corps and has fired and won numerous honors.

In reaching the coveted spot in the upper echelon of Leatherneck marksmen, he follows a host of Marine shooters at Camp Perry.

Since the National Matches began in 1903, the U. S. Marines have taken a lion's share of top honors. In 1954, the Marines captured the National Trophy, winwining first and second place, with the Marine Corps Reserve placing third. The Marine Reserves also won the famous Roumanian and Rattlesnake trophies. Many Leathernecks also fired their way to top individual honors in competition last year.

The Marine Corps has always placed special emphasis on marksmanship, devoting approximately one-third of the training of each boot Marine to the use of the rifle.

Camp Perry, situated on the banks of Lake Erie, is the host to some 4,000 shooters, their families and Army and Marine supporting troops. Contestants include both men and women, representing the Army, Navy, Air Force, Coast Guard, Marine Corps and civilian rifle organizations.

Corrected By-Laws To Be Read Tuesday By Hospital Auxiliary

A general meeting of Grossmont Hospital Women's Auxiliary has been announced by Mrs. J. Forster Couts, president, to be held Tuesday at 10 a.m., at La Mesa Youth Center. A full attendance is urged at this highly important meeting, said Mrs. Couts, as the corrected by-law revisions will be given a first reading, and the committee to nominate next years' officers will be elected.

The meeting was postponed to the above date, according to Mrs. Couts, because the regular date—Friday, September 9—falls on Admission Day, and it appeared advisable to select another date.

Reports of the various in-hospital services will be heard, covering their first weeks of operation; change of hours for in-hospital volunteers and various changes in procedures discussed; changes in reporting of service hours, etc. Also a report on arrangements for the forthcoming Harvest Ball, the last of the Auxiliary's major fund-raising events for this year. The affair will take place on Saturday, October 1, 8 p.m., at El Cortez Hotel Ballroom. Invitations have been mailed to the entire membership, specifying formal dress and requesting that reservations be made by September 16, or tickets returned by that date. Reservations will be limited to the capacity of the ballroom, and will be recorded in the order received.

Any area meetings that may be held in September will be announced later. The October meeting on Friday, October 14—will also be a general meeting.

Life of Wyatt Earp, San Diegan, To Be Televised

The life and legend of Wyatt Earp, frontier marshal who lived in San Diego during the hectic land boom days of the middle 1880's, will be telecast over Channel 10 each Tuesday at 7 p.m..

Based on stories written by Stuart N. Lake, San Diego author who was a close friend of Earp for many years, the series will include 156 half-hour telefilms, beginning with the time when Earp became marshal of Ellsworth, Kansas.

Wyatt Earp was well-known in early-day San Diego, according to Lake, whose home the lawman visited frequently during the latter years of his life. From Earp's recollections of the early days of the west and the part he played in bringing law and order to the frontier, Lake wrote "Wyatt Earp, Frontier Marshal," which has sold more than 300,000 copies and has been translated into motion pictures. Lake also wrote, for motion pictures, such stories as "Winchester '73"; "The Westerner," which brought an Oscar for Walter Brennan in 1940, "My Darling Clementine," and others.

Earp, according to Lake, operated three gambling places in San Diego during the time he lived here: one on Fourth Avenue facing the Plaza, another on Fifth Avenue and the third on Sixth Avenue. He lived at the Florence Hotel on First Street, which since has been torn down. The lot is now a parking area. According to Lake, he also owned a stable of harness horses which he raced at the old Pacific Beach track.

Like hundreds of others who came here in those days, Earp bought several lots in the then new city of San Diego as laid out by "Father" Alonzo Horton and owned what are now some of the valuable blocks in the city. One was the block bounded by India, B, Columbia and C Streets. The other was in Hillcrest, from Washington Street to University Avenue, between Fourth and Fifth Avenues. That property, Lake said, Earp later gave to the widow of a man who once worked for him. He sold the downtown block, at a loss, after the land boom busted in 1887.

SERVICES HELD FOR OLIN LAURENCE

Funeral services were held last Thursday at Greenwood Mortuary for Olin B. Laurence, 32, of 904 Gillespie Street. Burial was at Greenwood Memorial Park.

According to the sheriff's report, Laurence shot Charlene Tappy, 18, and then himself on August 23. He died at County Hospital Tuesday, August 30.

Laurence was a truck driver. He had lived in the San Diego area for about 14 years. Besides his wife Zola, he is survived by his parents and three sisters.

Begonia Society To Meet Monday

La Mesa Begonia Society will meet Monday at 6:30 for a pot-luck dinner in the Veterans of Foreign Wars hall in Lemon Grove.

Chas. Williams, president, will conduct the business meeting and Albert Henderson, vice president, will present the speaker.

GROSSMONT PLANS PUBLIC SPEAKING CLASS FOR ADULTS

A new class in public speaking will be offered at the Grossmont High School beginning Tuesday, September 13 at 7 p.m.

The class will offer the student the opportunity to gain experience and knowledge in effective speech and personality development. The latest methods of public speaking techniques will be used. Leland M. Fugua, graduate of the University of Iowa speech department, will be the class instructor.

Registration for the course is $1.00. For further information phone HO 6-4155, ex. 15.

RUTH CHITTY DIES AT 54

Ruth B. Chitty, 1189 Klauber St., 54 years of age, died August 26 in the U. S. Naval Hospital. Private graveside services were held Tuesday at Fort Rosecrans by Conrad Lemon Grove Mortuary. Her husband Tom is a retired chief. She is also survived by three children, Joseph A. and Charles E. Chitty, who reside in California, and Mrs. Virginia Harper of Texas.

CARR'S CORNER

When the thermometer reached you-know what we had to run our cooler steadily but it was worth it and we kept the store to an agreeable 82 degrees. A number of callers dropped in for a friendly chat and a load of coolth.

If it ever gets hot again, drop in yourself and try it. We won't offer to sell you anything but you must keep your eyes closed when passing the Sunbeam display or you will be hypnotized into telling us to lay away a wonderful Mixmaster or a dependable and handsome Coffeemaster, or a Fry Pan that Max Goodwin says cooks everything but the baby's diapers.

In the Grove we still have the best climate on earth and we must warn you that last week, shoppers downtown just melted into little puddles of grease and warm water.

BETH BETTON BADLY BURNED

Beth Betton, 11 year old daughter of Mrs. J. Weber, 3320 Central Avenue, received serious burns on her left arm and right hand last Sunday morning.

According to her mother, who was away at the time of the accident, Beth was in the process of frying some breakfast bacon. Quite a bit of the grease spilled from the pan and over the child's arm and hand.

Beth ran out of the house. Her screams caught the attention of a neighbor, Chet Smith, 3341 Central Avenue. He took the girl to his home, where his wife gave first aid. Beth is still under the doctor's care.

Beth's mother, Mrs. Weber, is having her own troubles. Last Thursday she had a cyst removed from under her left ear.

DEPUTY SHERIFF SMITH BACK ON JOB

Claude L. Smith, deputy sheriff in charge of Homeland office, is back on the job. He and his family spent part of their vacation in Lemon Grove, then went to Yosemite for ten days. Smith says Yosemite scenery was beautiful and the many points of interest were intriguing, but it was very hot during the daytime, and the nights were not too cool. The only real cold he found was in the water in the river, which was 33 degrees cold, and not suitable for a lengthy stay.—D. H.

LEGION AUXILIARY MEETS FRIDAY

The regular meeting of the La Mesa American Legion Auxiliary, Unit No. 282, will be held on Friday at 8 p.m. at the Legion Hall, 8118 University Ave., La Mesa.

!THE SHOW'S ' THE THING!

The two main features for this Wednesday, September 7, at the Grove Theatre promise to leave its audiences pleased with a good night's entertainment. They are "Strategic Air Command" and "Soldier of Fortune."

In "SAC" James Stewart, a major-league baseball player, is recalled to the Air Force at the height of his diamond career. He is assigned to the Strategic Air Comand, world-girdling atom-bomb-carrying force whose counter-attacking punch speed America depends on for the preservation of peace. This pic is in wide screen and color, also co-stars June Allyson and Frank Lovejoy.

In "Soldier" which is from the novel of the same name by Earnest Gann, this is a story of intrigue and, of course, romance, as only Hollywood could depict the two. The picture's hero, a devil-may-care adventurer, who becomes involved with warring factions in Communist-held China, has many a harrowing experience marked with excitement. This is another wide-screen-in-color picture, starring Clark Gable and Susan Hayward, and was filmed in the Orient.

The two main features for the Saturday matinee are "Strategic Air Comand" and "Mad Wednesday," plus cartoons and a serial.

Starts Sunday: "Blackboard Jungle" and "The Little Fugitive." In "Jungle" we have a brutal,. but true-to-life drama, presented by MGM, that stars Glenn Ford, Anne Francis, Louis Calhern and Margaret Hayes. The story concerns Ford, a young former GI, who teaches in a New York trade school for boys, and finally wins their respect of his young-gangster students through methods that successfully over-come a senseless wave of adolescent delinquency. The main song of the movie is Bill Haley's "Rock Around the Clock," that is still the top tune of the nation.

The companion feature is "The Little Fugitive" and is an Italian movie, spoken in English, about two boys and their many plights in the every day happenings of life. —B.T.

FOOTHILLS SECONDARY COUNCIL CCPT WILL HOLD WORKSHOP

The first meeting of the Foothills Secondary Council will be held Thursday at 9 a.m. September 15 at the Education Center, 4750 Date Ave., La Mesa, according to the president, Mrs. Rue Shires.

A brief business meeting will be held, followed by a workshop of the following chairmanship. Membership, health, hospitality, parent education, magazine and publicity.

Last Word

There are 132 daily newspapers in the United States published by women, which leads us to believe they also have the last word—editorially. — Christian Science Monitor.

GO DUTCH . . . WITH CHICKEN CORN PIE

"KISSIN' don't last, cookery do!" That's an old Pennsylvania Dutch saying. And a dish to prove the point is Chicken Corn Pie.

Now's a good time to use golden kernels fresh from the cob, but canned corn is fine year 'round. Tender chunks of chicken, left from Sunday dinner or plunked from a can, add flavor. And a luscious sauce, smooth and "chicken-wonderful," comes ready-prepared in a can of condensed cream of chicken soup. Make pastry from your favorite recipe, or speed up the job with a prepared mix. Then the pie bakes for an hour while you attend to other tasks.

Spicy bread 'n' butter pickles and tiny white onions are "as Dutch as chow chow" and just as tasty when served with chicken corn pie. A tossed vegetable salad of lettuce, carrot rounds, radish chips, and tomato chunks adds its bit to the dinner.

For dessert, how about homemade ice cream? Make it with fresh cherries or peaches, and pass chocolate chip cookies to munch with it. When the family gets a taste of this sumptuous meal, they'll borrow another phrase from the Dutch and declare it's "wonderful good!"

Dutch Style Chicken Corn Pie

1 small onion, chopped
2 tablespoons butter or margarine
1 can (1¼ cups) condensed cream of chicken soup
1 cup diced cooked chicken
1 cup cooked whole kernel corn
1 package (9-ounces) pie crust mix or enough pastry for a 2-crust pie

Cook onion in butter; blend with soup, chicken and corn. Roll half of pastry dough on floured board and line a 9-inch pie pan; pour in chicken filling. Roll remaining pastry into circle; place on top of filling; pinch edges together and make several slits in top to allow steam to escape. Bake in moderate oven (375° F.) about 1 hour. 6 servings. FNS

Blake, Moffitt and Towne, the firm supplying this newspaper with newsprint, a member of San Diego's business community since 1924, and one of California's oldest companies, was honored at the California State Fair recently by Governor Goodwin J. Knight.

The governor presented a scroll to Arthur W. Towne, vice president and general manager of Blake, Moffitt and Towne, enrolling that pioneer paper distributing organization in the state's 100-year Club.

L. C. Oviatt of San Diego is division manager.

The founders of Blake Moffitt & Towne were printers who came to San Francisco during the Gold Rush. The company counts its days from the opening of the print shop of Blake & Moffitt in 1855, although the third original member of the present-day firm, James W. Towne, was already in business as far back as 1852, a partner in the San Francisco printing firm of Whitton, Towne & Co.

While the predecessor companies of Blake, Moffitt & Towne were printing establishments, they both had been importing paper from the east and reselling it to other printers, a common practice in those pioneer days. As early as 1863, Blake & Moffitt edvertised themselves in the San Francisco directory as importers of printing papers.

In 1868, the immediate forerunner of BM&T was formed when Francis Blake, James Moffitt and James W. Towne joined with another pioneer printer to establish the partnership of Blake, Robbins & Co., an organization which dealt in paper exclusively. Upon the death of Mr. Robbins, in 1884, the firm was incorporated under the name of Blake, Moffitt & Towne.

Since then, it has grown to its present size of 18 divisions and 16 additional warehouse distribution points strategically located throughout the six western states from Canada to Mexico.

SAN MIGUEL P-TA MEETS TONIGHT

The executive board of the San Miguel P-TA, with Mrs. H. D. Pendergrass as the incoming president, will hold their first board meeting of the year Thursday evening, September 8 at 7 p.m. at the San Miguel Cafetorium. This promises to bring forth a host of plans, ideas, and discussion for the school year.

VARIED JOBS OPEN IN STATE PRISON SYSTEM

A number of specialized jobs in California's prisons and correctional schools are open to application, the state personnel board said. All will be filled by civil service examination.

Correctional classification officers, salary $415 to $556. Requires training in rehabilitation or related work.

Instructors in aircraft engine and airframe mechanics, $395 to $556. These trades are taught in two prisons. Head farmer, $358 to $436, to run prison or hospital farms. Group supervisors for girls' schools at three levels, salaries ranging from $325 to $481.

Prison canteen manager, $358 to $436, and women for supervisor-counselors at the State Institution for Women, $325 to $395.

Men wanting prison guard duties may still apply for jobs as correctional officers. Salary is $325 to $395.

Applications are available at department of employment office on Columbia Street.

STATE TO APPOINT DEPUTY CHIEF FOR MENTAL TREATMENT

The California State Department of Mental Hygiene will soon appoint a deputy director for hospital medical services, to be in full charge of its treatment program. Some 44,722 patients in 14 hospitals will be in his charge.

The position pays $1250 a month salary to start, with increases to $1350. Headquarters is in Sacramento.

The deputy director is responsible for organizing and coordinating the medical, psychiatric and allied treatment programs of the 14 state hospitals for the mentally ill and mentally deficient.

Applicants must have a certificate in psychiatry or mental hospital administration, or be eligible for such a certificate, and have three years' administrative experience in medicine and psychiatry. Selection will be made after a civil service examination in Sacramento September 27.

Prize Winning Grandmother On 'Welcome Travelers' TV Show

A welcome traveler on the "Welcome Travelers" TV show is Mrs. Marie Agniel of Jefferson City, Mo. Mrs. Agniel tells MC Jack Smith how she won first prize in the Secretary's "Dream Vacation" contest sponsored by the Mosler Safe Company. A working grandmother with three sons and eight grandchildren, Mrs. Agniel won a two-week all expense paid trip to Europe for two. Since two of her sons are stationed in Europe—one as an Airman, the other as press attache at the U.S. Embassy in Vienna, she is taking her third son along. When they meet in Vienna, it will mark the first time in 10 years that all four will be together. Mrs. Agniel said she had been saving for a trip to Europe but it was taking a long time. Winning the prize was a "dream come true," she told Smith. "Welcome Travelers" is seen five days a week over the CBS-TV network.

It's "Back to School" in Turkey, Too!

FIRST DAY AT SCHOOL takes courage, but these jaunty little lasses have plenty of that. Their "little red schoolhouse" is likely to be white, but like American youngsters, they can look forward to a good education—even though they live in a tiny village. The Turks believe in "education for democracy." That's why they have a public school system that is free from kindergarten through college. Determined to raise the educational level of the country even further, they have more than doubled the allotment for education in the last five years. When the school bells ring this year, almost two million children will answer them—a record number for Turkey.

Two Grove Youths Enlist in Army For Three Years

John Peoples, 19 and Tom Shafer, about the same age, both Lemon Grove boys, enlisted in the U. S. Army for three years on August 22. They are now receiving basic training at Fort Ord.

Graduating from Helix High School this year, the young men decided to join the Army and get the additional schooling a three-year enilstment gives them. They will start their studies in automotive school in Maryland in December.—D. H.

GROVE MAN ARRIVES IN KOREA

POHANG DONG, Korea—TSgt. Donald J. Smith, son of Mr. and Mrs. Richard G. Smith Sr., 7261 Central Ave., Lemon Grove, and husband of the former Miss Ruth E. Sparks of Santa Ana, arrived in Korea July 31 with Marine replacements for the 1st Marine Aircraft Wing.

After docking at Yokohama July 30, the Marines were flown directly to the wing base near here on South Korea's east coast.

Junior High Gets Commendation from State Fire Marshal

Lemon Grove Junior High School was complimented on maintaining safety standards by the office of the state fire marshal, according to a letter received this month by S. K. Solleder. In the letter from Joe R. Yockers, marshal, and Robert D Palmer, senior deputy, they stated that fine cooperation and assistance had been afforded them in the endeavor to secure a greater degree of fire and life safety for the children in the school.

"At the time of our recent inspection," they went on to say, "it was indicated that there was substantial compliance with our regulations. We are assuming that you will maintain your premises in accordance with best practices, etc. . . ."

In cooperation with Chief Harold L. Hensley of the local Lemon Grove Fire Department, the school holds monthly fire drills, instructs pupils in safety practices, and appoints a student fire chief with room deputies. All schools in the Lemon Grove district have an excellent record with the local department.

NEW ADULT EDUCATION CENTER SET UP IN GROVE

The Grossmont Adult Program announces an Adult Education Center at the VFW Hall, Lemon Grove. Daytime classes for adults are to be held here consisting of the following courses: Sewing, creative writing (advanced), gardening, leather carving, photo oils and painting, physical education for women, and Spanish.

Evening classes will be held at Helix High School, La Mesa Adult Center and Grossmont Union High School.

Schedules of adult education classes are availabel in the give-away boxes located at the local library, post offices and business centers.

Further information may be had on all classes by calling Helix High School, HO 6-4194 or Grossmont Union High School, HO 6-4155.

SOCIAL SCIENCE COURSE OFFERED LOCALLY

A course in Basic Economic Discussion is being offered free to residents of the Lemon Grove area, sponsored by the Henry George School of Social Science. Place: Golden Avenue School, Golden Avenue and School Lane, Room 13. Date: September 13. Time: 7:30 p.m. The group will meet for ten consecutive Tuesday evenings for a two-hour period.

Discussion leader will be E. J. Seeley of Chula Vista, who recently conducted a course in the economic aspects of world trade, in the same location, which received much favorable comment.

The Henry George School of Social Science is an international educational institution, non-profit, non-political, non-sectarian, chartered by the University of the State of New York.

LUTHERAN LADIES TO MEET NEW PASTOR'S WIFE

The ladies of Lemon Grove Lutheran Church will meet in the church social room on Tuesday evening at 8 for their regular monthly meeting.

Topic to be discussed will be "Parish Education."

Hostesses for the evening will me Mmes. Gritley Granstadt and Beth Wentzel.

DON'T MAKE A TRUCK OF YOUR AUTO WARNS HIGHWAY PATROL

SACRAMENTO—Be sure that load is securely fastened, says the California Highway Patrol to motorists who drive vehicles laden with miscellaneous articles.

"The law says that no vehicle shall be driven or moved on any highway unless such vehicle is so constructed or loaded as to prevent any of its contents or load other than clear water from dropping, sifting, leaking or otherwise escaping therefrom," stated Ross R. McDonald, deputy commissioner of the patrol. Vacationers with overloaded or poorly loaded vehicles, truckers carrying boxes and smaller cargo not tied down and campers who hurriedly throw things together for a quick trip frequently lose boxes and other articles on the highway which become hazards to traffic and in many cases are the cause of accidents.

CHRISTIAN SCIENCE SERMON ON SUBSTANCE

The words of Jesus from John (6:27) "Labour not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you: for him hath God the Father sealed," comprise the Golden Text for the Lesson-Sermon on "Substance" to be read in all Christian Science churches Sunday.

That true substance is of the spirit and not to be found in material things is accented by Paul where he says in his second letter to the Corinthians, "We look not at the things which are seen, but at the things which are not seen: for the things which are seen are temporal; but the things which are not seen are eternal" (4:18).

LEMON GROVE HAS SUCCESS DRIVE QUOTA OF $14,250

The Heartland Division of the United Success Drive will set out for a goal of $77,777 this year, the share of total community responsibility accepted for this area by its division leaders.

Arnold J. Phillips, division chairman, announced yesterday that Lemon Grove's share of the total is $14,250.

The Commerce and Industry and Business Divisions will be responsible for $7,125. The Geographic, Schools, and Public Employee Divisions will have a quota of $5,700. The Special Gifts Division will have a quota of $1,425.

W. Earl Smart, 10123 Del Rio Rd., Spring Valley, will head the drive in Lemon Grove. Other key leaders are:

Forrest G. Dokken, 1525 Koe, Lemon Grove, associate chairman in charge of commerce and industry and business for the entire Heartland area. Ed Singer, district superintendent for the county road department, is in charge of the Public Employees Committee.

Schuyler Hawes, 240 Jamacha Rd., El Cajon, associate chairman in charge of special gifts for the Heartland area.

Mrs. Charles S. Goode, 690 Live Oak Dr., El Cajon, associate chairman in charge of the Heartland schools campaign.

"The Heartland Area has as much at stake in this campaign as any part of the total community," Phillips said. "This is one of the fastest growing sections and certainly has its share of children on the waiting list for Red Feather services."

The total goal for he United Success Drive is $1,735,450, the minimum need for Red Feather agency budgets for 1956.

Part of the money being brought in now by the Firm and Executive Pace-Setter Division will be credited back to Lemon Grove and will be included in the total amount raised here, Phillips said. Contributions given by Lemon Grove residents to the Individual Pace-Setter drive kicking off September 14 will also be credited back to Lemon Grove.

Church Lecture Series to Have Top Speakers

Three outstanding speakers will discuss topics of grave concern to thinking people in the "University of Life" lecture series which opens in the First Congregational Church of Lemon Grove on Sunday evening, September 18 at 7:30.

Feeling that the Lemon Grove area needed the stimulus of a lecture-discussion series similar to the open forums of the First Unitarian Church, the social action committee of the First Congregational Church planned for authorities in various areas of intellectual interest and moral concern to lead discussions which would be open to all the people in and around Lemon Grove. The result was the start of the "University of Life."

On one Sunday each month during September, October and November, the members of the Senior High School Pilgrim Fellowship will conduct a brief worship service in the church, after which the featured speaker will be presented. After the discussion, a coffee hour of sociability will follow in Friendship Hall.

The first "University of Life" speaker will be Miss Elsie Farris, who on September 18 at 7:30 p.m. will present "Let Us Speak of Freedom," a timely discussion of the place of underprivileged peoples in our world community. Miss Farris is a member of the California bar and active internationally in church and missionary activities. She is a dynamic and challenging lecturer.

On October 16, Dr. William C. Rust, president of California Western University, and frequently heard from the pulpit of the First Congregational Church, will discuss "Why Johnnie Can Think," a straightforward consideration of the place of the pupil in modern elementary education. This will be a message of hope to parents who are faced with the problem of understanding what the schools are or are not doing for their children.

On November 20, Rabbi Morton J. Cohn of Temple Beth Israel, San Diego, will discuss "Lessening Racial Tensions," the problem of race prejudice. Rabbi Cohn is well known throughout the San Diego area as a vigorous lecturer and an intellectual leader.

Speakers for the spring series of "University of Life" lectures have not yet been definitely engaged by the social action commitee, but tentative topics include: "The State versus Education," "Narcotics," "Preventing Juvenile Delinquency" and "The United Nations."

Court Clerk Has Enjoyable Vacation

Mrs. Delores Rogers, clerk of Homeland Justice Court, returned to her official duties last Monday, refreshed and rested. She spent part of her vacation at her home and ten enjoyable days at Doheney State Park, near San Clemente. The Doheny Park camp site is pleasantly located near the the beach, and the accommodations are delightful. Patrons of the camp, which is supervised by the state, are required to register their car number and name and be assigned quarters.

Mrs. Rogers was 30th in line, but it required only two days to secured a nicely placed tent. Registrants appear each day at 10 a.m. and 4 p.m. and the names of those eligible are read, and it behooves the registrants to be on hand for vacancies.

Charge for facilities are $1 per day.

Mr. Rogers went up Saturday intending to bring his family home, but the children, Allan, 15 years young and 5½ feet tall, and his sister Frances, who is 11, put up an argument, so their stay was extended three days.—D. H.

Color TV to Be Discussed at Appliance Dealers Meeting

More than 500 members of the Bureau of Home Appliances of San Diego County, including appliance dealers, distributors, manufacturers' representatives and their guests, are expected to attend the bureau's annual fall conference to be held Wednesday, September 14, J. Clark Chamberlain, secretary-manager of the trade association, announced.

The dinner meeting will be at the House of Hospitality, Balboa Park, starting at 6:30 p.m.

C. W. Theleen, manager of customer relations, General Electric Company, Louisville, Kentucky, will be a featured speaker. The topic of his talk is "A Garden of Eden." Walter L. Forward Jr., San Diego County Federal Housing administrator, another principal speaker, will discuss "The San Diego County Building and General Business Outlook."

Participating in a discussion of color television and its development will be the following experts in the field: Dr. Edward L. Michaels, Packard-Bell Company; John K. West, National Broadcasting Company; and R. T. Silberman, Kay-Lab.

Safety Belts Very Popular With Grove Residents

Mrs. Marion Batchelder, who sat in as clerk of Homeland Justice Court while Mrs. Rogers was on vacation, has heeded the admonitions of "safety belt" advocates and had a belt installed in her car, so that a sudden stop will not throw her through the windshield. These safety belts are being recommended by many auto operation authorities, some of whom claim that 95 per cent of casualties caused by sudden stops could have been prevented with a safety belt. The belts vary in price and strength, with a stoppage weight of from 3600 to 5,000 pounds provided. Advocates of the belt claim that after a week's use no annoyance is observed, and snapping of the belt is easy. Belts are fastened firmly to the floor and come up to the back of the seat.

P. S. (about five hours later) I wrote the above item about 3 p.m. and at 8 o'clock two autos collided at Lemon and Bancroft 100 feet from our front porch. Pearl (my wife) and I were enjoying the almost cool air outside, for the house was like an oven, and we "hadn't et yet," but neither saw the accident 'til we heard the crash. I ran down to learn if anyone was hurt. Six persons were hurt by bumping into the windshields, but no facial cuts, as the glass was shatterproof. There were two crumpled places in one shield and one on the other. I think I'll have to see Mr. Dean and get a safety belt.

Oh yes, one car came east on Lemon and failed to heed the stop sign. The other car was coming north on Bancroft about 20 mph, the driver said. I came back to the house, called the highway department at El Cajon, and took a bottle of water to the scene. An ambulance came in 30 minutes and took away the lady in the non-stop car. She seemed to be hurt pretty badly. Seems like it's a good practice to stop when the sign says to. And a couple of belts would have saved a lot of grief.—D. H.

PUBLIC SCHOOLS TO BE HONORED BY CHURCH SUNDAY

Dr. Elmer L. Jones, pastor, Trinity Presbyterian Church, will honor public schools Sunday. Administrators, faculty members and students are especially invited.

The choir, under the direction of Mrs. Jean Moe, will sing "Now Let All the Heavens Adore Thee" by Bach, and "A Mighty Fortress," by Martin Luther.

Dr. Jones, Rev. Frank Hamilton, assistant minister, and Mrs. Hamilton attended the National Mission Worker's Conference at Pacific Palisades this week.

Dr. and Mrs. Jones and family will hold open house for the congregation from 3 until 6 Sunday at their new home, 9240 Shirley Drive, La Mesa.

The budget for 1955-56 was read by Mrs. Laura LaRose and Irving Wilder read the audit he had made earlier this summer.

Mrs. Alf Holmberg, Mrs. LaRose and Mrs. Gomes assisted the hostess.

Two Unclaimed Bikes At Sheriff's Sub-Station

Sgt. Claude Smith has two good-looking bicycles in his office, one unclaimed for some time and the other a recent acquisition. The latter has "Dunlop" on the back of he saddle, with red rubber grips, and seems to be in good shape. The other bike has no identifying marks. Any youth who has missed his bike of late is invited by Sgt. Smith to come in to his office and prove ownership. Please act promptly, as Smith doesn't want to send the vehicles to the San Diego headquarters.—D. H.

STATE TO NAME 30 TO JUNIOR COUNSEL POSTS

The California state government expects to appoint about 30 young attorneys as Junior Counsel, the State Personnel board said.

Candidates must qualify in a civil service examination. Some appointments are expected soon after the examination results are known, and the remainder will be made in the months ahead.

Many of the openings will be in Los Angeles, with a lesser number in San Francisco and Sacramento.

The Junior Counsel position pays $376 to $436 a month. Appointees are expected to advance rapidly to Assistant Counsel at $458 to $556, and from there into high paying state legal positions.

Application is open to those who passed the recent California bar examination, and to other members of the bar who are recent law school graduates. The state personnel board will supply application blanks.

Throwin' The Bull

By BOB TURNBULL

It's Joke, Son! . . . The trouble with being a child is that you can't grow up to be anything but an adult.

Questionable Pads . . . On Friday, August 26th, Earl Rapp failed to make a fairly easy catch of a fly-ball, thereby helping the filmlanders edge the Padres, 4-3, in the ninth frame. The poor hitters of that game were Federoff, Peterson, Sisler, Rapp, Kazak, Faber and McLish.

But the next day Rapp made up for his uncalled-for-error by belting a four bagger good enough to edge the Stars, 2-1. That was the Pads 11th consecutive Saturday afternoon victory at home. The "goats" at the plate were: Federoff, Sisler, Rapp, Jablonski, Kazak and Erautt.

Sunday's double-header was pathetic, as it was the border crew's 11th double defeat. The scores were 6-2 and 3-0. Herrera was the looser in the first tilt and Carmichael absorbed the second game loss. Lousy clutch hitting, leaving men stranded and many other "goofs" too numerous to mention were the contributers to the Pads outlandish downfall, that brought them closer to the second division. Keep trying fellows, you'll capture the fourth place crown yet! The poor stickers for the first battle were Federoff, Peterson, Sisler, Jablonski and Faber. For the seven-inning nightcap they were Federoff, Peterson, Rapp and Aylward.

Continuing their string of defeats the Pads flew up to Portland to make up a game with the Beavers on Monday, August 29th. All I'll say is that they lost!

Then a spirit in the form of Colonel Doubleday settled over Lane Field and the Pads won a doubleheader, by walloping the Solons from the state capitol. The scores wer 5-0 and 6-2. The winning pitchers for the jubiliant Diegans were Erautt and McLish. In the first game only Jablonski and Erautt had a poor night at the plate while in the second tussel only Jablonski failed to connect. Then on Thursday the third place Pads, now only three games of the top-spot, nipped the Sacs, 4-3 on an error. The winner was Bishop, while Federoff and Jablonski cried in the batter's box.

This week's "Throwin' the Bull" award goes to Jablonski and Federoff, for being the week's "Worst Hitters," with runners up Peterson and Rapp.

(P.S.) The sorriest deal Bill Starr ever made this year was the Ray Jablonski deal. With all due respects to Australia, I think Jablonski could be a big name if sold (or even given) to some Bushmen's League.

NATIONAL FORESTS ARE IMPORTANT SOURCE OF WATER

One of the publicly owned national forest watersheds, protected and managed by the Forest Service, U. S. Department of Agriculture. Such national forest watersheds are on the headwaters of many large river systems including the Colorado, Columbia, Rio Grande, Missouri, Arkansas, and Ohio. They are a major source of water for over 20,000,000 people and for more than 600 power developments including Hoover Dam. Water originating in the national forests irrigates an area greater in size than the states of New Hampshire, Massachusetts, Rhode Island and Delaware combined. Thousands of industrial plants are dependent on them for their water supplies and watershed protection gets first consideration in all plans for national forest management.

Water is priceless, and increased demands for water and other natural resources are bound to put an even greater pressure on your national forests in the years ahead. So the Forest Service, which is observing its Golden Anniversary this year, urges people everywhere to gain a better understanding of their dependence upon protection of watersheds, the source of their water supplies.

Your want-ad appears in two newspapers for the one low price.

Re the Proposed Annexation)
to the LEMON GROVE)
Sanitation District . . .)

RESOLUTION OF INTENTION TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON

On motion of Supervisor Bird, seconded by Supervisor Robbins, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County;

WHEREAS, Hillard T. Espe and others, the owners of certain property in unincorporated territory of the County of San Diego contiguous to the Lemon Grove Sanitation District, have requested this Board (Document No. 163342) to annex said property to said Sanitation District under the provisions of the County Sanitatjon District Act; and

WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 183621); and

WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sewer said property by extension of said District's lines (Document No. 163343); NOW THEREFORE

BE IT RESOLVED AND ORDERED:

(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the Lemon Grove Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district or other district or districts formed for similar purposes, bounded and described as follows:

All that unincorporated territory in the County of San Diego, State of California, described as follows:

1. Beginning at a point in the Southerly line of Lot 27 of Subdivision No. 3 of Tract 12, Rancho Ex-Mission, Map No. 859, filed in the Office of the Recorder of said San Diego County, said point being distant 250 feet Westerly, along said line, from the Southeasterly corner of said lot and also being an angle point in the boundary of the Lemon Grove Sanitation District;

2. thence Northerly along said boundary, parallel with the Easterly line of said Lot 27 a distance of 320.12 feet;

3. thence Westerly parallel with the Southerly line of said lot a distance of 87.82 feet to the True Point of Beginning;

4. thence Northerly parallel with the Westerly line of said Lot 27 and the Northerly prolongation of said line to a point in the Northerly line of a 40 foot street, now known as Central Avenue, being also a point in the Southerly line of Lot 24, as shown on said Map No. 859;

5. thence Easterly along said Northerly line to a point in said line which is 305.90 feet Westerly, along said line, from the Southeasterly corner of said Lot 24;

6. thence Northerly in a direct line to a point in the Northerly line of said Lot 24, which is distant 305.00 feet Westerly, along said line, from the Northeasterly corner of said lot;

7. thence Westerly along said Northerly line of Lot 24 to the Northwesterly corner of the Easterly 400.90 feet of said Lot 24;

8. thence, leaving said boundary line, Southerly along the Westerly line of said Easterly 400.90 feet, a distance of 200.00 feet;

9. thence Westerly parallel with the Northerly line of said lot to a point in the Easterly line of the Westerly 50 feet of the Easterly half of said Lot 24;

10. thence Northerly along said Easterly line to a point in the Northerly line of said lot, being a point in said boundary line;

11. thence Westerly, along said boundary line, and said Northerly line to an intersection with the North and South center line of said Lot 24;

12. thence, leaving said boundary line, Southerly along said center line a distance of 170.61 feet;

13. thence Westerly parallel with said Northerly line a distance of 120.00 feet;

14. thence Northerly parallel with said North and South center line to a point in the Northerly line of said Lot 24, being a point in said boundary line;

15. thence Westerly along said boundary line and said Northerly line to the Northwesterly corner of said lot;

16. thence Southerly along the Westerly line of said lot to the Southwesterly corner of said lot, being also a point in the Northerly line of said Central Avenue;

17. thence Westerly along said Northerly line to the Southwesterly corner of Lot 25 of said Map No. 859, being also the Southeasterly corner of Sonka Urban Heights, Unit No. 4, Map No. 2963, on file in the Office of the Recorder of said San Diego County;

RESOLUTION NO. 5921

A Resolution establishing time of hearing of petition and giving notice of the proposed annexation of an uninhabited area known as Garfield Annexation to the City of La Mesa, a municipal corporation.

WHEREAS, there has been filed with the City Council of the City of La Mesa, a Municipal Corporation, a written petition signed by the owners of more than one-fourth of the land by area, representing in excess of one-fourth the assessed valuation according to the last equalized rolls in the Assessor's office of San Diego County, of the contiguous uninhabited territory hereinafter more particularly described, requesting that such territory be annexed to the City of La Mesa;

NOW THEREFORE, pursuant to the Annexation of Uninhabited Territory Act of 1939 of the State of California, Title 4, Division 2, Part 2, Chapter 1, Article 5 of the Government Code of the State of California (Sections 35300 through 35325), the City Council of the City of La Mesa, California, hereby resolves as follows:

1. That the contiguous uninhabited area, the subject of such proposed annexation proceedings, shall be designated as Garfield Annexation.

2. That the boundaries of the territory subject to such annexation proceedings and the true legal description thereof are as follows:

All that portion of the unincorporated area in the County of San Diego, State of California within the following described boundary.

Beginning at the southwesterly corner of Lot 44 of Moisan Addition, according to Map thereof No. 2204, filed in the office of the County Recorder of San Diego County, said corner being also a point in the East and West centerline of Section 20, T 16S, R1W, S.B.B. & M. and the TRUE POINT OF BEGINNING.

1. Thence North 89°48'13" East along the southerly line of said Lot 44, a distance of 192.97 feet to an intersection with a line drawn parallel with and distant 150 feet, measured at right angles westerly from the easterly line of said Lot 44;

2. Thence South 0°14' East along the southerly prolongation of said parallel line 75.00 feet to the southeast corner of a parcel of land deeded to Weldon O Crousen and Dorothy L Crousen, according to Book 5575, Page 438 Official Records of said County;

3. Thence South 89°48'13" West 242.97 +— feet parallel with said southerly line of said Lot 44 to a point in the La Mesa City boundary, as established by its incorporation February 16, 1912, filed in Book 35, Page 145 of Official Records of said County;

4. Thence northerly along said La Mesa City boundary 75 feet to a point in the East and West centerline of said Section 20, said point being also the northeast corner of Lot 12 Rancho Mission, according to Record of Survey Map No. 2826, records of said County;

5. Thence North 89°48'13" East 50.0 feet to the TRUE POINT OF BEGINNING.

3. That notice be, and it is hereby given of the proposed annexation of said territory to the City of La Mesa, a Municipal Corporation.

4. Notice is hereby given that on October 11, 1955, at the hour of seven o'clock P.M., of said day, at the Council Chambers at the City Hall of the City of La Mesa at Number 4755 Spring Street in said City, a hearing will be held at which time and place the City Council will hear protests made by any person owning real property within said territory;

5. The City Clerk of the City of La Mesa is hereby ordered and directed:

(a) To cause a copy of this Resolution to be published at least twice, but not oftener than once a week, in the La Mesa Scout, a newspaper of general circulation, published in the City of La Mesa, and also in the Lemon Grove Review, a newspaper of general circulation published outside the City of La Mesa, but in the County of San Diego (said publications to be completed at least 20 days days prior to the above hearing date).

(b) To cause written notice of the above proposed annexation to be mailed to each person to whom land within the territory proposed to be annexed, is assessed in the last equalized county assessment roll available on this date, at the address shown on said assessment roll or as known to said City Clerk, and to any person who has filed his name and address and the designation of the land in which he has any interest, either legal or equitable with said City Clerk.

(c) To cause written notice of the above proposed annexation to be mailed to the Board of Supervisors of San Diego County.

(d) To cause the notices referred to in paragraphs (b) and (c) above to be given not less than 20 days before the above hearing date.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of La Mesa, California, held on the 23rd day of August, 1955 by the following vote, to-wit:

AYES: Councilmen Nielsen, Harness, Nagel, Crosbie, Logan
NOES: None
ABSENT. None

CERTIFICATE OF CITY CLERK

I, L. L. FREEMAN, City Clerk of the City of La Mesa, California, do hereby certify the foregoing to be a true and exact copy of Resolution No. 5921, duly passed and adopted by the City Council of said City on the date and by the vote therein recited.

New Club Year Starts Tuesday for Woman's Club Jrs.

The Lemon Grove Juniors will hold the first meeting of the club year on Tuesday, September 13 at 8 p.m. at the clubhouse. Plans for the annual membership party will be discussed. Mrs. Tom Mitchell, membership chairman, states the membership drive is on and any woman between the ages of 18 and 35 is welcome to join the Juniors.

A special party for prospectives will be held at the home of Mrs. James Martin, 6865 San Miguel in Lemon Grove, on September 20, 8 p.m.

If you are interested in becoming a member and learning of the club's activities and would like to attend this party, contact Mrs. Mitchell, HO 6-1382.

HOSPITAL COFFEE SHOP OPENS

The coffee shop of Grossmont Hospital opened its doors to the public Monday, officially completing the dietetic department of the hospital. This department is under the supervision of Mrs. Mabel Rice of El Cajon.

The coffee shop will be open from 9 a.m. to 9 p.m. weekdays, and from 1 p.m. to 9 p.m. Saturdays and Sundays. Sandwiches, tea, coffee, ice cream and other fountain refreshments will be served, and homemade pies and cakes will be featured. Guest trays will be provided for members of families who must be at the hospital earlier than 9 a.m.

Assisting Mrs. Rice is Chef Gilbert Hutter of 5351 Trojan Street, San Diego. Second chef is Ronald Vandenbiel, 7589 El Cajon Boulevard, La Mesa. Mrs. Beulah Houze is food service supervisor.

The cafeteria at the hospital, which has been in operation since the opening of the institution, serves employees, doctors and auxiliary members on duty.

SOCIAL WORKERS WANTED FOR COUNTY WELFARE DEPARTMENT

SACRAMENTO—Qualified persons to fill social worker positions in 47 counties are being sought to help administer the state's public welfare program, the Merit System Examining Agency announced. Examinations will be held in 25 locations throughout the state on varying dates. Beginning monthly salaries for Social Worker I range up to $278, and for Social Worker II, up to $307.

Entrance requirements for Social Worker I are three years of undergraduate college work in any field or three years of responsible public or business experience. Social work experience or graduate training in social work is qualifying for Social Worker II.

Applications and additional information may be obtained from local offices of the State Department of Employment on Columbia Street in San Diego.

A National Favorite

By BETTY BARCLAY

The nation's favorite sport — baseball — is with us again. Not only are the major leagues in full swing but the sandlot games on your local corner are going strong as well.

Healthy young bodies are needed to withstand the necessary heavy exercise under a hot summer sun. Nutritious foods, rich in energy, are the order of the day. And mother, you'll find that a delicious milk-filled and fruit-filled rennet-custard will make a "hit" with that future "big leaguer" of yours — and with his Dad too, for that matter.

Serve your "home run hitter" a light, healthful raspberry banana rennet-custard before his next "big game." It will surely "score" with him.

Raspberry Banana Rennet-Custard

½ cup cubed bananas
2 cups milk (not canned)
1 package raspberry rennet powder

Set out 4 or 5 dessert glasses. Divide cubed bananas into bottom of dessert glasses. *Warm* milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels comfortably warm (110° F.) *not hot*, remove at once from heat. *Stir in* entire contents of package raspberry rennet powder at one time. Mix until powder is dissolved—*not over one minute. Pour* at once, *while still liquid*, over bananas in dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Serve with whipped cream and banana slice, if desired.

VEGETABLE patches are bedecked in paintbrush colors this season. As though a piece fell off the rainbow. Bright orange carrots. Asparagus and peas in brilliant green. Deep ruby-red beets. And a galaxy of others. What a golden opportunity for the artist . . . and the creative cook!

One of the easiest and most imaginative ways to prepare fresh new vegetables is to drench them in luscious cream sauces. Those made with condensed cream soups and milk quicken the job. Then the homemaker uses her talents to add "special touches".

Tasty "extras" might be crushed almonds in chicken sauce, pimiento bits in mushroom sauce, or slices of olive in celery sauce.

Quick Chicken or Mushroom Sauce

1 can (1¼ cups) condensed cream of chicken or mushroom soup
½ cup milk

Stir soup well in saucepan; slowly mix in milk. Simmer about 2 minutes.

Quick Celery Sauce

1 can (1¼ cups) condensed cream of celery soup
½ cup milk

Stir soup well in saucepan; slowly mix in milk. Simmer about minutes.

SportsRoundup

Last Tuesday was the first day of football practice for San Miguel School for Boys of National City, and the initial beginning of a new coach at this new school, Coach Joe Sloan. San Miguel is making its first year of varsity competition in the Southern Prep League this season.

Thirty-six San Diego State Aztec gridmen sweated and grunted through their first fall workouts last week on the Aztec oval. The squad that reported to head coach Bill Schutte and assistant Carl Ben and Harry Broadbent was one of the smallest numerically and physically, but overall strength seems better than predicted. Some of the familiar huskies back are Bob Newton, Alonzo Wood, Bernie Flaherty, Hal Krupens (up from SDJC), Don Magee, Claude Lewis, Bill Richardson, Hugh Simpson, and Bernie Svalstad (former Highlander and present resident of Lemon Grove).

Fourteen lettermen dotted the return at the San Diego Junior College campus. Among some of the "baby mooses" practicing for their first tilt are: Don Dickerson, 6 feet, 200 pounds; Joe DiTomaso 5 feet 10 inches, 235 pounds; Ed Dobis (former Highlander); Dallas Evans, 6 feet 1 inch, 188 pounds; Orrin Collier, 6 feet 2 inches, 200 pounds; Lauro Sarasape, 6 feet 2 inches, 200 pounds; Joe Barrington, 6 feet, 190 pounds; Art Powell, Tom Collins and Dave Rafolovich, all three who played in the recent All-Star game; Paul Ramirez, 5 feet 10 inches, 235 pounds; Ray Speitel, 6 feet, 180 pounds; Gail Stuckey (former Highlander); Neil Westenberger (former Highlander); Percy Campbell and Charley Cox, two speedsters from Lincoln High School and Dick Gerache, former San Berdoo JC all-star. A good year is predicted!—B. T.

CONCERT PIANIST WILL ENTERTAIN LUNCHEON GUESTS

The guest-artist at the 12:30 p.m. luncheon of Lemon Grove Woman's Club September 9 will be Mrs. B. K. Cunningham, a concert pianist of note, who will present "Clare de Lune," "Malaguena" and a selection of waltzes. Also, Mrs. Lawrence Boeing will present a monologue on club women.

Mrs. Ted Magnuson, chairman, will be assisted by Mmes. S. C. Brunaugh, Roland Hayworth and Mable Kendrick.—D. H.

Cracklin' Corn Bread Favorite Of All Davys

No wonder Cracklin' Corn Bread was a favorite of the original Davy Crockett! Just try it on your own young lad. There'll be no need to use the famous hero to put it over . . . its own delicious flavor will make it *HIS* favorite, too, and you'll find that the whole family joins him in his enthusiasm.

This modern recipe is a favorite with busy housewives for it is so simple to prepare, keeps well and tastes just as good when reheated for second meals. Best way to serve it is piping hot, with a good helping of butter or margarine, preserves or syrup. Try it once and you'll make a double recipe next time around, for sure!

Davy Crockett Cracklin' Bread

2 cups corn meal
1 cup sifted all-purpose flour
6 teaspoons baking powder
1 teaspoon salt
1 tablespoon sugar
1 egg, beaten
1½ cups sweet or diluted evaporated milk
½ cup bacon drippings, melted and cooled
1 cup cracklings*

Sift flour with baking powder, salt, and sugar. Add corn meal and mix well. Combine egg and liquids and add to dry ingredients, stirring gently during addition. Stir just until ingredients are mixed. Fold two-thirds of the cracklings into the batter. Pour mixture into well-greased square (8 x 8 x 2-inch) baking pan. Sprinkle top with remaining cracklings. Bake in hot (400°F.) oven until done, about 25 minutes. Serves 6.

*To fry cracklings, place small pieces of bacon in a heavy fry pan and cook over low heat until bacon is crisp and brown. Stir as needed to brown evenly. Drain on paper towels.
